

23rd Annual International Workshop

URC Church, London Street, Basingstoke RG21 7NU

on Saturday 10 November from 10.30 to 15.00

This workshop is Hampshire's annual networking event to share ideas and activities relating to exploration, global awareness and global concerns. In the morning Groups that have travelled far and wide in Europe and elsewhere will report on their adventures and will provide ideas which leaders will find helpful in planning your own trip or contacts abroad.

After a buffet lunch, we will evolve ideas for programmes relating to the global programme zone. Not only does this provide topics for interesting programmes but also helps Scouts of all ages to relate to the world around them and how this could change during their lifetime. Undertaking some of these activities will enable Scouts to earn their global issues activity badge and Scouts against malaria badge.

The cost of £10 includes refreshments, lunch and hand out. The URC church is in the centre of Basingstoke only a few minutes walk from the rail and bus stations. Suitable for Scouts and Guides. For Leaders, this will help you achieve accreditation for module 19.

For more information and to book your place contact Rayner Mayer, International Adviser, Hampshire email rayner@sciotech.demon.co.uk phone 01252 873564.
