

## Cluster Groups - Autumn County Conference Main Feedback:

Detail:	County Feedback:
<p>General sense was that this conference was better than last one.</p>	<p>Agreed</p>
<p>Themes were good, but the facilitated sessions could have been better:</p> <ul style="list-style-type: none"> <li>• BP lodge not a good place for breakout sessions: too noisy in the main hall; too cold upstairs</li>   <li>• Facilitators did not enable all voices to be heard</li> </ul>	<p>We are glad you thoughts the themes were good and represented three main topics of interest currently.</p> <p>Useful feedback but it does have multiple rooms for use which is rare in many HQs. Perhaps need to ensure hall has heating on. Have tried for Wickham Community Centre for next year but booked for both dates. Will also be looking at Pauline’s Lodge. <b>All other suggestions welcome.</b></p> <p>This can be a problem with short time slots to do everything in. We may need to consider having less topics at conferences that need whole county consultation, this so more time can be allocated to break outs. Whatever we do some will like and some will not - as usual.</p>
